Objectives of the Course	The aim of this course is to present the details of the expropriation process to the students and to ensure that they are understood. On the other hand, it is aimed to discuss the urgent expropriation method, which has found many application areas in recent years.
Short Course Content	The course deals with the concept of expropriation as a method of immovable property acquisition by the administration. Expropriation is carried out for the purpose of public benefit, as in every administrative act. Due to its importance, the expropriation process is the subject of a separate course. The definition, features, elements, types, procedural stages, provisions and results of this administrative act will be evaluated within the scope of the course.
