Course Language	Course Level	Course Type
Turkish	Undergraduate	Elective

Prerequisite(s) if any	-
Objectives of the Course	The objective of this course is to train the legal experts of foundation of the future by providing high level theoretical knowledge about foundations to law students. In this way, competent students are trained to ensure the establishment of new foundations in line with current and future needs and the proper management and administration of these foundations, while generating solutions to the legal problems of previously established foundations. Nevertheless, it serves the purpose of increasing the visible low number of legal experts working in foundation law in our legal community
Short Course Content	Although endowment law is one of the topics of the Civil Law course, it provides deep theoretical information about endowments (foundations), which have a serious importance in both Islamic Law and Turkish society tradition. In this way, the historical development of foundations and the place and importance of foundations that are younger but produce solutions for important social problems, as well as the foundations that have been established centuries ago, and the legal regime of all these institutions are taught.
